October 2020 – Special Update

Hello ROVA members,

This is a short and sweet newsletter issue. The ROVA Board of Directors met today (via Zoom) and made the decision that, with COVID cases increasing in Arizona, we do not want to put the Street Captains or our members at risk collecting ROVA dues. If a person is a ROVA member in 2020 we will extend that membership, at no charge, through the calendar year of 2021. New members to ROVA, for the 2021 calendar year, will still have the \$5. per person membership dues. We are now developing a process to collect dues from new members that minimizes any personal contact.

We know that the readership of the ROVA Newsletter goes beyond our membership and we are pleased that people have found it informative. However, starting in the new year, members will receive a password to access the “Members Only” section of the webpage. The Members Only section will contain the newsletter and information that members may find valuable. This is one more way that we hope to give you more value for your dues.

Once again, I want to urge you to join AAMHO (Arizona Association of Mobile Home Owners). This is the only organization in Arizona that advocates for you at the state level. They need your support to continue to protect your rights as a mobile home owner. AAMHO has a part time lobbyist and an office manager and everyone else is a volunteer so money is not wasted. Below is a copy of an email I received from them. AEMPRO is the education wing of AAMHO. They are ones who travel to parks and put on classes informing people of their rights under the Landlord-Tenant Act. They put on a class here at Viewpoint last winter.

Thank you for your membership and continuing support of ROVA,

The ROVA Board of Directors
